

SOUTHWEST HEALTHCARE SERVICES

Complete Healthcare Today, For a Better Tomorrow

Registered Dietitian

Southwest Healthcare Services is searching for an outstanding Registered Dietitian to join our team. This important contract position would be for eight (8) hours per week to help our residents and patients dietary needs.

Job Duties would include:

1. To provide consultation, guidance, and support for the Director of dietary services in the areas of clinical nutrition and food service management. Provide information and promote understanding of concepts beyond the scope of the Director of Dietary Services training and to help promote quality food service and resident nutritional care.
2. Responsible for all nutrition assessments, hydration assessments, resident and patient care conferences, and diet consultations with emphasis on weight loss, hydration, tube feedings and pressure ulcers.
- 3.
4. Assists in deciding policies and procedures for therapeutic nutrition and implementing nutritional care.

Education/Experience Required:

1. Registered dietitian and member of the American Dietetic Association, with a minimum of 3 years' experience in long term care.

Southwest Healthcare Services fosters an environment that promotes professional growth, enabling our staff to excel in their careers while acquiring a broad experience in caring for patients throughout the lifespan.

Online application is available at <https://swhealthcare.net/employment/application.html> or contact Human Resource Department at (701) 523-4120.
