

2026 Leadership Conference

April 1-2, 2026 | Bismarck Event Center

April 1, 2026

Lunch on your own.

12:15 p.m. **Registration Open**

1:00 p.m. **Welcome**

1:15 p.m. **DataSphere: Building the Intelligence Backbone for North Dakota Hospitals**
Presented by: Aaron Brennan, NDHA/HSI

Content: A strategic overview of NDHA's statewide data platform providing hospital leaders with real time insight into financial performance, workforce pressures, utilization trends, and policy impact. DataSphere enhances decision making, strengthens benchmarking, and positions North Dakota hospitals to protect access and sustain long term success.

2:30 p.m. **When Every Role is Critical: Building a Culture That Survives Staffing Shortages and Turnover**
Presented by: Jen Bertsch, Leadwell Consulting

Content: In rural hospitals where a single vacancy can halt a service line, this session examines how leadership alignment, clear communication norms, and psychological safety reduce disruption when teams are stretched thin.

3:45 p.m. **The Modern Hospital Operations Blueprint: The Operating System Most Hospitals Are Missing**
Presented by: Cory Geffre, Altru Health

Content: Most hospitals don't fail because of bad strategy. They fail because they try to optimize before they stabilize. This session introduces a modern operational blueprint (with tools) that fixes problems in the only order that actually works, beginning with staffing stability and decision clarity, then progressing toward sustainable performance. This blueprint has worked in hospitals of all sizes.

6:00 – 8:00 p.m. **MEMBERSHIP MIXER!** Join us for a relaxed evening at **5th Underground Theme Bar & Events** following the conference. Unwind with colleagues, enjoy drinks (alcoholic & non-alcoholic available), and connect with our event sponsors in a casual, social setting. 1 block west of Radisson Hotel on Main & 5th Street (basement of Peacock Alley).
